

ROMEO STONE

TABLES AND SMALL TABLES | Indoor
ROBERTO LAZZERONI

The Romeo Stone table by Roberto Lazzeroni, with its marble top is a statement of eternal elegance, a piece of furniture that embodies the strength and beauty of natural stone in sculptural form. The monumental top, made of a wide variety of stones and marbles, is embellished with refined decorative metal inserts that perfectly complement the finish of the base, enhancing the exclusive character of each table. The matt metal blades of the base fit into the centre of the table, giving the design a solid, strong aesthetic. Each Romeo Stone table is made unique by the veining and colour variations of the stone, whose natural imperfections add authenticity and a distinctive character of rare beauty.

Model: assembly required.

Plan / Surface: stone top with waterproof protective oil with decorative inserts matching the finish and position of the base.

Feet / Legs: base in metal with matte varnish with finish of choice, laser cut 1/2" thickness.
