

ARIZONA

SOFAS AND ARMCHAIRS | Open-air
PAOLA NAVONE

Paola Navone's collaboration with Baxter has resulted in the Arizona sofa, a modular, durable and lightweight chair available in both an Outdoor version, for open spaces such as a poolside or garden, and Open-air version, for more sheltered areas such as a veranda. Featuring a design that is minimalist and comfortable at the same time, the Arizona modules allow you to play with the lounger, ottoman and chaise-lounge, adapting to various needs. The mix of materials available makes each piece unique. The tubular structure made of acid-etched copper in the Open Air version and in the fine Verderame finish in the Outdoor model lends it a mobile, versatile character, while the wide choice of outdoor leathers and fabrics permits completely original combinations and matches.

Model: modular article.

Structure: tubular frame in etched copper with protective clear matte varnish.

Padding / Filling: differentiated density polyurethane foam filling and water-repellent viscofibre with acrylic fibre covers and water-repellent lining for outdoor.

Spring system: outdoor springs in woven elastic straps of covered rubber.

Decorative upholstery available in Hydro leather only.

cushions: cushion available in Cloister and Lido leather or outdoor fabric only, with differentiated density polyurethane foam filling and water-repellent viscofibre with acrylic fibre covers and water-repellent lining for outdoor.

Decoration: matching or contrasting decorative piping in all the Cloister and Lido leather colours available in the catalogue.

Covering / Coating: removable upholstery with the lower part of the cushion in rubber non-slip outdoor fabric.
