

ETIENNE BERGÈRE

SOFAS AND ARMCHAIRS | Indoor
ROBERTO LAZZERONI

Blending art and design, the Etienne Bergère armchair combines the sculptural features typical of Roberto Lazzeroni with elegant contours reduced to their essence, creating a sense of lightness thanks to the swivel metal base detail. This majestic and sinuous bergère armchair naturally encourages contemplation in the enveloping curves of its seat cushions and high leather-upholstered backrest, which seems to want to embrace the user. The addition of soft cushions and the ability to construct the shell and seat with different leather and colour variants make Etienne Bergère even more unique and versatile.

Structure: backrest frame in curved plywood and seat in fir and beech.

Padding / Filling: padding in differentiated density polyurethane foam.

Feet / Legs: matt black varnished metal swivel base.

Decoration: decorative double piping.

Cushion.
