I prodotti della Collezione Outdoor sono stati testati per la collocazione da esterno, l'utilizzo ideale consigliato è per terrazze e verande ed è buona norma proteggere gli articoli da esterno adottando accorgimenti che consentono di migliorarne la durata. È possibile acquistare l'apposito winter set che consente di proteggere meglio dalle intemperie i prodotti acquistati. Preghiamo accertarsi che tutti i prodotti siano completamente asciutti prima di coprirli per evitare accumuli di umidità o la formazione di macchie di muffa.
