

# ELLIPSE LIGHT UP

ACCESSORIES | Indoor  
FEDERICO PERI

Federico Peri's minimalist and sculptural design has resulted in Ellipse Light Up, a desk with a natural stone top that plays with the juxtaposition of weights, shapes and materials to create a piece with an eclectic and unique character. The asymmetrical oval top enhances the beautiful natural veining of the granite and bevelled marble varieties that match the leather-upholstered frame and the sleek design of the metal leg with an integrated LED light. The functional details of the drawers with handles in burnished or satin-finished metal and the built-in lighting make the desk not only a sculptural piece with a striking impact, but also a functional accessory for study and work.

**Model:** assembly required.

**Structure:** structure in MDF with leather upholstery.

Drawers with Canaletto walnut veneer, leather-covered front panels and handles in satin brass-plated metal or in burnished metal with matt varnish.

**Plan / Surface:** bevelled 20 mm thick stone top with waterproof protective oil.

**Feet / Legs:** tubular metal leg with matt varnish finish, with LED strip housing compartment.

**Lighting:** 2700K LED strip – 20W/MT. 110/220V – 24V power supply. 600 lumens.
